The Australian Quality Training Framework (AQTF) is the national set of standards which assures nationally consistent, high-quality training and assessment services for the clients of Australia's vocational education and training (VET) system. The AQTF was initially established in 2001 for implementation in 2002 and updated again to be effective from 1 July 2010.

In 2011 the Standards for NVR Registered Training Organisations made under the National Vocational Education and Training Regulator Act 2011 issued by the authority of the Minister for Tertiary Education, Skills, Jobs and Workplace Relations were introduced.

The objectives of the NVR Standards are to ensure nationally consistent, high-quality training and assessment services for the clients of Australia's Vocational Education and Training (VET) system.

The Standards form part of the VET Quality Framework. As defined in section 3 of the Act, the VET Quality Framework is comprised of the Standards for NVR Registered Training Organisations, the Australian Qualifications Framework, the Fit and Proper Person Requirements, the Financial Viability Risk Assessment Requirements and the Data Provision Requirements.

The Standards are based on the existing Australian Quality Training Framework (AQTF) by training organisations for initial and continuing registration and has adopted parts of the existing AQTF standards for initial and continuing registration for training organisations.

Compliance with the Standards is a condition for all NVR registered training organisations and for applicants seeking registration under the Act.

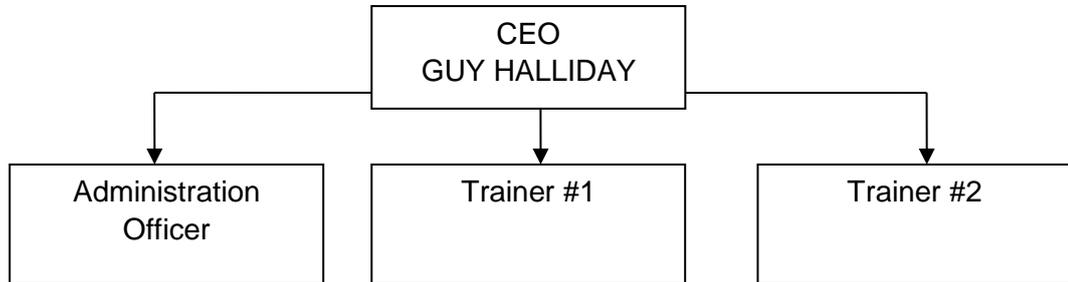

The Training Team is committed to best practice, and is continually seeking improvement in the development and delivery of training programs.

ORGANISATIONAL CHART

STANDARDS FOR NATIONAL VET REGULATOR (NVR) REGISTERED TRAINING ORGANISATIONS

Purpose and Operation

The objectives of the NVR Standards are to ensure nationally consistent, high-quality training and assessment services for the clients of Australia's Vocational Education and Training (VET) system.

The Standards form part of the VET Quality Framework. As defined in section 3 of the Act, the VET Quality Framework is comprised of the Standards for NVR Registered Training Organisations, the Australian Qualifications Framework, the Fit and Proper Person Requirements, the Financial Viability Risk Assessment Requirements and the Data Provision Requirements.

The Standards are based on the existing Australian Quality Training Framework (NVR) by training organisations for initial and continuing registration and has adopted parts of the existing NVR standards for initial and continuing registration for training organisations.

Compliance with the Standards is a condition for all NVR registered training organisations and for applicants seeking registration under the Act.

A focus on outcomes

The Standards and their elements specify the key requirements to be met by each RTO. The Standards for NVR Registered Training Organisations do not specify detailed processes but explain the outcomes to be achieved through the application of each Standard. An RTO must be able to show, through systematic approaches to management and continuous improvement, that it is focused on improving its outcomes in relation to each Standard.

The NVR Standards Quality Indicators support the outcomes focus of the Standards by giving an overall picture of how well an RTO is meeting client needs.

A systematic approach

A systematic approach to the management and delivery of services helps an RTO to meet the registration requirements throughout the registration period. Systematic approaches are planned, purposeful and repeatable actions to improve products and services for clients.

Because RTOs vary in size and complexity, the processes they use to comply with the Standards for NVR Registered Training Organisations will differ considerably. For example, the quality of outcomes to be achieved by a one-person RTO, a secondary school offering school-based apprenticeships, a community-based provider, an enterprise-based RTO and a TAFE institute may be the same, but the differences in the scale and operating context of these five organisations may lead to differences in the nature of their systematic approaches and the management systems they use.

Continuous improvement

Continuous improvement is an integral part of the NVR Standards. Continuous improvement processes refer to the continual enhancement of an RTO's performance so that the changing needs of clients and industry continue to be met. Continuous improvement does not relate to actions to achieve compliance as such actions are considered rectifications.

An effective quality system includes processes that encourage and achieve continuous improvement. For RTOs this means developing a planned and ongoing process to systematically review and improve policies, procedures, products and services through analysis of relevant information and collection of data from clients and other interested parties, including staff. Data from the Quality Indicators provides a key tool for continuous improvement.

The value for RTOs of adopting a continuous improvement cycle is in its potential to create a stronger, more sustainable business that meets the needs of clients and stakeholders. Such a cycle also enables RTOs to adapt quickly to changing external environments, such as economic factors and skills needs. Types of continuous improvement processes and tools are not prescribed and RTOs have the flexibility to consider their own business context and make improvements based on feedback from their clients and stakeholders.

Access and equity

The National Skills Framework has a strong focus on providing opportunities for everyone to access and participate in learning and to achieve their learning outcomes. An RTO needs to ensure that its practices are as inclusive as possible and do not unreasonably prevent any clients from accessing its services. While access and equity are explicit in the second Standard, they are relevant to all three.

Governance

The Training Team manages its training programs in accordance with VET state and territory legislation and regulations. As part of its training package, The Training Team encourages all participants to be familiar with the relevant legislation, Acts and the Licensing Authorities' requirements and how they impact on their workplace.

The legislation is continually being amended and all relevant staff members of The Training Team will be made aware of any changes, through memo's and monthly QSG meetings. Current legislation is available online at www.austlii.edu.au

Training Guarantee

It is the intention of the CEO of The Training Team, that all students will receive the full training services paid for at all times. Including but not limited to: training and assessment; assessment only; recognition of prior learning or short courses. The corporate structure, governance and financial management systems and processes guarantee the training for students enrolled with The Training Team. Specifically, the integrity, business experience and training expertise of the CEO ensure continuity of training and completion of training is guaranteed for all students. The continuous improvement and quality management practices employed by The Training Team's CEO and staff are designed to pro-actively identify any anomaly that might cause a business interruption or training failure and address this situation before any students are affected. Training continuity and training completion is also guaranteed by the policy and procedure system developed by The Training Team. For example; the recruitment, induction and staff professional development policies and procedures ensure best practice and minimise the potential for business interruption or training failure.

In the extremely unlikely event of a business interruption or training failure, student's training is guaranteed by the financial management policy and procedure of The Training Team. Fees paid in advance are not transferred to the operating account until training commences. At any one time only \$500 is 'drawn down' (proportionate to the expenses incurred in training) for any one student. This means that in the unlikely event of a business interruption or training failure, The Training Team can issue a Statement of Attainment for the training completed and refund the remaining funds held.

TRAINING SERVICES

Registered Training Organisations provide services for a range of clients, including but not limited to; Indigenous Councils, Multinational and Private Companies, Fee for Service, Government Funded, Trainees and not-for-profit Community Organisations.

Therefore all trainers and assessors employed by The Training Team have demonstrated significant industry experience in addition to obtaining tertiary qualifications, allowing them to provide a professional, well-rounded learning environment for participants. Staff are equipped with the skills to ensure their teaching methods are suitable for all participants, utilising simple language where appropriate to communicate information most effectively.

The CEO recognises that opportunities for improvement arise in every aspect of business and has developed an organisational culture within The Training Team to capitalise on these opportunities for improved practice. The Training Team supplies feedback forms to all participants at the end of each program, as participant feedback has been identified as an important and valuable factor in monitoring and developing business practices and quality training, and ensuring the ever-changing needs and expectations of clients are being met. The CEO also welcomes feedback from other improvement opportunities such as risk assessment, participant suggestions, complaints and appeals, validation sessions and audit reports.

As a candidate with The Training Team your feedback is critical to our continuous improvement policy. Along with the formal feedback mentioned earlier, candidates are encouraged to give feedback throughout their enrolment.

In order to encourage and achieve continuous improvement based on the collection of the above mentioned data, The Training Team has developed a best practice record and register which will include a written record of all improvement strategies and reviews.

COMPLAINTS & APPEALS

The Training Team strives to ensure that each candidate is satisfied with their learning experience and outcome. In the unlikely event that this is not the case, all candidates have access to rigorous, fair and timely complaint and appeal processes which are outlined below. Any complaints and appeals will be reviewed as part of the continuous improvement process and where corrective action has been highlighted it will be implemented as a priority.

Complaint Policy

A complaints procedure is available to all persons wishing to make a complaint, appeal or any other manner of objection in relation to the conduct of The Training Team. The complaints procedure will address both formal and informal complaints. All formal complaints will be submitted in writing to The Training Team management and will be heard and addressed within fifteen (15) working days of receipt.

The Training Team management will maintain a Complaints Register to document the course of action and resolution of all formal complaints. All complaints substantiated by the complaints procedure will be reviewed as part of The Training Team's continuous improvement procedure.

It is the responsibility of The Training Team management to ensure adherence to the complaint procedure and that resolution is sought in all reasonable circumstances. This includes informing and assisting candidates with the complaints procedure and supply of complaint forms.

If the candidate is still not satisfied with the resolution of the complaint after following and exhausting the Complaints Procedure, the candidate may contact ASQA and lodge a written complaint.

Appeals

The Training Team's appeals process is concerned with a candidate's right to request change to decisions or processes of an official nature, usually in relation to academic or procedural matters.

In the case of a candidate's appeal against specific assessment decisions, the candidate should first discuss the decision/s with the relevant trainer or assessor and request re-evaluation. The trainer or assessor will hear the candidate's appeal, make fair judgement to the best of their ability as to whether change/s are required, then discuss their final decision with the candidate.

If the candidate is still dissatisfied with the trainer or assessor's decision, they have the right to take the appeal to the QSG management team. The formal notice of appeal is required to comply with the following principles upon submission to QSG management:

- The notice of appeal should be in writing, addressed to The Training Team for referral to the QSG management team and submitted within seven (7) days of notification of the outcome of the trainer or assessors re-evaluation process.
- The notice of appeal must be submitted within the specified time frame otherwise the original result will stand.
- If a candidate's appeal needs to be deferred due to emergency circumstances, such as in the case of serious illness or injury, a medical certificate supporting the case must be forward to QSG management. The notice of deferral must be submitted within three (3) working days of the conclusion date displayed on the medical certificate.

It is the responsibility of The Training Team management to ensure adherence to the appeal procedure and that resolution is sought in all reasonable circumstances. This includes informing and assisting candidates with the appeal procedure and supply of appeal forms.

If the candidate is still not satisfied with the resolution of the complaint after following and exhausting the Appeals Procedure, the candidate may contact ASQA and lodge a written complaint.

The form may be submitted by mail to:

Harassment and Discrimination Policy

Under Australian law it is a requirement of every workplace to ensure it provides an environment free from all forms of harassment and discrimination, including victimisation and bullying. In doing so all staff and candidates are treated fairly and have the opportunity to feel safe, valued and respected.

By definition, harassment includes any form of behaviour that is unwanted, unwelcome or unreciprocated by relevant persons. This may manifest as verbal or physical harassment, but includes any acts that may be perceived as humiliating, offensive, intimidating, threatening, discriminatory or otherwise contributing to an unpleasant workplace or experience for the persons.

In the event that a person considers that he or she has been or is being harassed, this person should be encouraged to inform the other party that their behaviour is objectionable and should not be continued, provided they are comfortable with confronting the offender. In instances where the person is not comfortable discussing matters with the offending party, a trainer or other The Training Team staff member should be informed of the situation. In this case it becomes the responsibility of the relevant staff to follow The Training Team policy procedures to rectify the situation.

All candidates and staff working with The Training Team have the right to discuss matters of harassment with the relevant members of staff without making a formal complaint; all discussions are dealt with in confidentiality. The right to lodge a formal complaint of misconduct against the offending party is available and will be actioned according to The Training Team policy and procedures.

The Training Team ensures that all staff are adequately trained in dealing with harassment and discrimination in order to fulfil their roles and responsibilities in creating and contributing to a harassment and discrimination free workplace. In addition to relevant training, The Training Team management provides opportunities for communication and mentoring amongst staff to ensure that all employees understand and correctly apply the processes and procedures involved in identifying and addressing of all forms of harassment and discrimination.

Candidates under 18 years of age may enrol with The Training Team. A child is considered any individual less than 18 years of age.

It is the responsibility of The Training Team to ensure that all candidates are protected from all forms of harm, including bullying, harassment, discrimination and intimidation. All staff are required to report to The Training Team, any behaviour that can reasonably be considered harmful or potentially harmful to candidates, or where it is reasonable to believe that a candidate has been harmed or requires protection from harm.

In cases where allegations or information indicate it is reasonable to believe a candidate has suffered from or may require protection from harm, The Training Team must report to the Department of Child Safety.

The initial information that a Child Protection Officer will require is:

- The name, age and address of the child or young person
- The reasons you suspect the child or young person may have experienced or is at risk of experiencing harm
- The immediate risk to the child or young person
- Contact details. You may remain anonymous; however it is preferable to provide these details so that the officer can call you if further information is needed.

If allegations may constitute child abuse by a person external to The Training Team, the RTO CEO must report the matter to the Police or the Department of Child Safety.

The RTO will comply with all relevant State and Federal legislation in the area of working with children.

The Training Team recommend that all staff obtain a Positive Notice Blue Card for child related employment. Information is available at: www.afp.gov.au

FEES AND REFUND POLICY

The RTO must protect fees paid in advance and have a fair and reasonable refund policy. The Training Team operates predominately on a 'fee for service' training business. This means all training programs attract fees. These fees are paid by / charged to the candidate, a government agency or the candidate's employer.

Fee information is available via:

- The Training Team website
- The Training Team program brochures
- The Training Team promotional material
- Direct email

Each of these information streams will be updated regularly.

All fees will be paid at or prior to the commencement of training unless prior arrangements are made with the RTO management.

Refund Policy

An application for a refund is addressed according to the notice given by the person making the request:

- 14 days prior to the commencement of the course – 100% refund.
- Between 13 days and 7 days prior to the course - 75% refund.
- Between 6 days and the commencement of the course – 50% refund.
- Withdrawal during the course – no refund. A pro-rata credit is available so the candidate can complete the course at a later date.

All fees paid in advance are separated from the operations of the business. This is achieved by maintaining a number 2 account (deposit account) to ensure sufficient funds are always available for refund. The number 2 account is represented in the RTO's accounting system as a separate repository for funds paid in advance and cannot be accessed until the respective students commence training.

Candidate information Policy

Candidate's details will be entered into the student management database. This will initiate the commencement of the candidate's file which will become part of the candidate's records and retained on file by The Training Team. Management of the candidate's file will be in accordance with the Training Records Policy.

Candidate Training Records Policy

Upon enrolment, candidate's details will be entered into the RTO database system. This process initiates the establishment of the candidate's individual file which is then used to record all future details pertaining to the client. The file is retained by The Training Team and management of the file will be in accordance with the RTO Training Records Policy.

The Training Team will be committed to maintaining the accuracy, integrity and currency of all candidate files, as well as ensuring appropriate security of all records to uphold confidentiality and protect candidate privacy.

Individual candidate records will be stored in lockable steel filing cabinet in a locked secure office area. The electronic records are stored in AVETMIS software and are protected by password access. Further security of records is ensured by maintaining up to date virus, firewall and spy ware protection software. Electronic records are copied to a portable hard drive, every four week period. The portable disc drive is stored off site in a fire proof secure location.

The Training Team software and hardcopy systems will retain candidate's results for a period of not less than 30 years. Enrolment materials and training and assessment materials will be provided in electronic format wherever possible. Material that must be supplied in paper format, once utilised will be scanned and stored electronically.

Paper based records will be scanned and securely shredded every twelve (12) months in accordance with the RTO CEO's directions.

In the event that The Training Team ceases to operate, the RTO's records will be transferred to ASQA in the appropriate format and detail as specified by the Department at the time of ceasing RTO operations.

All other records including, training records, taxation records, business and commercial records will be retained for a period of at least seven (7) years.

The RTO will ensure that any confidential information acquired by the business, individuals or committees or organisations acting on behalf of RTO is securely stored.

Access to individual candidate training records will be limited to those required by the NVR such as:

- Trainers and assessors to access and update the records of the candidates whom they are working with.
- Management staff as required to ensure the smooth and efficient operation of the business.
- Officers of ASQA or their representatives for activities required under the Standards for Registered Training Organisations.

Or those required by law such as:

- People as are permitted by law to access these records (e.g. subpoena, search, warrants, social service benefits, evidence Act).

Or

- Candidates authorising releases of specific information to third parties in writing.
- The candidates themselves, after making application in writing.

Recognition of Qualifications Policy

The Training Team will recognise all AQF qualifications and statements of attainment issued by any other RTO. If any ambiguity is detected when validating a candidate's certification, The Training Team will seek verification from the relevant RTO before recognising the qualification or statement of attainment.

Recognition of Qualifications Procedure

- Candidates enrolling with The Training Team will be made aware of the recognition of qualifications policy by ASQA staff at the time of enrolment to offer the opportunity of recognition of relevant qualifications or statements of attainment prior to the commencement of training.
- The Training Team trainers will remind candidates of the policy progressively throughout the duration of their course.
- When a candidate presents an AQF qualification or statement of attainment to a trainer or staff member, a copy of the certificates will be taken and submitted to The Training Team for verification.
- The Training Team will verify the authenticity of the qualification or statement of attainment. The verified copy of the qualification or statement of attainment is placed in the candidate's file.
- Once verification of the qualification or statement of attainment has been established, The Training Team staff will inform the candidate and offer exemption from the relevant unit/s of competency. Staff will ensure the candidate is aware of and understands what component/s of their training and assessment are affected.
- The Training Team staff will update the candidate's records accordingly.

Access and equity policy

The Training Team is committed to practicing fairness and equal opportunity, for all current and potential candidates, to access and participate in learning and to achieve their learning outcomes regardless of age, gender, cultural or ethnic background, disability, sexuality, language skills, literacy or numeracy level, unemployment, imprisonment or remote location that may present a barrier to access, or any other perceived difference in class or category. The Training Team ensures that its practices are as inclusive as possible and do not unreasonably prevent any clients from accessing its services. The Training Team will address access and equity matters as a nominated part of operational duties.

The Training Team access and equity policies are in place to ensure that training opportunities are offered to all people on an equal and fair basis in all circumstances, irrespective of their gender, culture, linguistic background, race, socio-economic background, disability, age, marital status, pregnancy, sexual orientation or carer's responsibilities.

Practicing these policies will guarantee that any candidate who meets The Training Team entry requirements will be accepted into any training programs. If any candidate or staff member have issues or questions regarding access and equity, or believes they have been treated unfairly, they will be directed to The Training Team's management for consultation.

Client Selection

Enrolment and admission into some of The Training Team's training programs is subject to meeting certain pre-requisite conditions. Specific details of the pre-requisites pertaining to these training programs are contained in individual course documentation and are made available prior to enrolment. In the case that a potential candidate does not meet the pre-requisite conditions, The Training Team staff will endeavour to assist them in understanding their options in regards to meeting the standards. Any questions regarding pre-requisites can be addressed by trainers or The Training Team management.

Enrolment

The enrolment procedure commences when a candidate contacts The Training Team expressing interested in a training program/s. The Training Team staff will respond by dispatching by suitable means an enrolment form, Candidate Handbook, literature on the program/s being considered and any other documentation which may be relevant.

Enrolment applications will then be assessed to ensure that the candidate meets any pre-requisites that have been set for the selected course. Candidates will be informed of successful enrolment and sent information on the course and their course induction.

Candidates who do not meet the pre-requisites for the selected course will be notified of their unsuccessful enrolment and invited to contact The Training Team to discuss their training needs and alternative opportunities.

Pre-course information

As an additional support to enrolling candidates, The Training Team will send Pre-course information, either in the form of an e-mail, or letter to the candidate prior to the commencement of training. Information includes the time, date and location of training, the resources the candidate should bring to the course and overview of the units of competency to be studied and the format / style of training to be provided.

In addition, candidates are asked to complete a Pre-course Evaluation Checklist. Questions on this checklist are intended to gain more information regarding the needs of the candidate. The Training Team staff will evaluate the information submitted in the checklist and either make necessary changes to meet the candidate's needs or have a discussion with the candidate regarding his / her needs.

Pre-course Evaluation checklist

A pre-course evaluation of each candidate is conducted. Questions are designed to identify the candidate's needs, so The Training Team staff members can evaluate any requirements the candidate may have to improve his / her learning experience and learning outcome. These questions are integrated within the enrolment form.

The designated staff member from The Training Team will receive and assess each candidate's pre-course evaluation checklist. Based on the information in the checklist, the enrolment form, interview, induction and any other relevant correspondence and conversation, The Training Team staff and management may offer additional support.

Examples of the support services may include:

Language, Literacy and Numeracy (LLN) Assistance

The Training Team course information and learning materials contain written documentation and limited numerical calculations.

The Training Team recognises that not all candidates will have the same level of ability in relation to reading, writing and performing calculations. When an issue is identified by The Training Team staff or requested by a candidate, a Language, Literacy and Numeracy test will be provided to assess the candidate's ability. This process is to ensure that all candidates who commence a training program possess the skills required to understand the presented material and complete assessments.

The Training Team will endeavour to provide assistance to candidates having difficulty with language, literacy or numeracy to accommodate their needs. In the event that a candidate's needs exceed the ability of The Training Team staff to assist, the candidate will be referred to an external support agency so they have the opportunity to obtain the skills required to complete the training program.

Candidate Support, Welfare and Guidance

The Training Team will assist all candidates in their efforts to complete training programs by all methods available and reasonable.

Trainers are responsible for ensuring that all candidates are aware they can contact their trainer or other The Training Team staff members in the event that they are experiencing difficulties with any aspect of their studies. Staff will ensure candidates have access to the full resources of The Training Team to assist them in achieving the required level of competency in all nationally recognised qualifications.

In the event that a candidate is experiencing personal difficulties, training staff will encourage the candidate to contact The Training Team who will provide discreet, personalised and confidential assistance according to the nature of the difficulties.

In the event that a candidate's needs exceed the capacity of the support services The Training Team can offer, they will be referred onto an appropriate external agency. Extensive information regarding support agencies, resources and services may be sourced online. The Training Team staff members will assist candidates to source appropriate support.

Flexible Delivery and Assessment Procedures

The Training Team recognises that some people are better suited to learning via teaching methods not usually obtained in the traditional classroom setting. With some minor adjustments to teaching and assessment methods, a candidate who is experiencing difficulty learning and achieving the desired results in the traditional setting may show considerable improvements.

The staff and management of The Training Team respect these differences among candidates and will endeavour to make any necessary adjustments to their methods in order to meet the needs of a variety of candidates. For example, the inability to complete a written assessment will not be interpreted as a sign of incompetence, provided the candidate can verbally demonstrate competency.

Acceptable adjustments to teaching and assessment methods may include but are not limited to; having a trainer read assessment materials to candidates, having a candidate's spoken responses to assessment questions recorded, or allowing a candidate to sit for an assessment alone in a different room.

The Training Team staff will pursue any reasonable means within their ability to assist candidates in achieving the required competency standards. In the event that a candidate's needs exceed the capacity of the support services The Training Team can offer, they will be referred onto an appropriate external agency.

Discipline

The Training Team make every effort to practice co-operation and mutual respect in all internal and external dealings to uphold high quality, professional training and assessment services. The same disciplined behaviour is expected of candidates as a contribution to a functional learning environment, and as a sign of respect to staff and fellow candidates.

Any trainer or staff member who is dissatisfied with the behaviour or performance of a candidate has the authority to:

- Warn the candidate that their behaviour is unsuitable, or
- Ask a candidate to leave the class, without refund or acceptance into another course, or
- Immediately cancel the class.

If a candidate wishes to object or lodge an appeal against the disciplinary action taken, they have the right and opportunity to follow The Training Team complaint procedure.

The Training Team's staff are expected to maintain a professional and ethical working relationship with all other staff members, management and candidates. Breaches of the disciplinary standards will result in discussion between the relevant trainer and The Training Team and appropriate action will be taken.

In summary, The Training Team will provide:

- Training programs and services that promote inclusion and are free from discrimination
- Support services, training, assessment, and training materials to meet the needs of a variety of individual candidates
- Consideration of each individual's needs to provide the best opportunity for skill development and attainment of qualifications that can lead to further training or employment
- Opportunity for consultation between staff and candidates, so that all aspects of individual circumstances can be taken into consideration when planning training programs
- Consideration of the views of candidates, community, government agencies, organisations and industry when planning training programs
- Access to information and course materials in a readily available, easily understood format
- Information to assist candidates in planning their pathway from school or the community to vocational education and training

Assessment Policy

The Training Team will provide training services to candidate's on a 'fee for service' basis. **In developing the assessment (including RPL) for each qualification and unit of competence, the RTO CEO will ensure:**

- Compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course.
- Assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF).
- Assessment complies with the principles of competency based assessment and informs the candidate of the purpose and context of the assessment.
- The rules of evidence guide the collection of evidence to support the principles of validity and reliability.
- The application of knowledge and skills is relevant to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment.
- Timely and appropriate feedback is given to candidates.
- Assessment complies with the RTO's access and equity policy.
- All candidates have access to reassessment on appeal.

Recognition of Prior Learning Policy

The Recognition of Prior Learning (RPL) process will be offered to and explained to all relevant candidates. All candidates will have access to The Training Team RPL policy which is contained in The Training Team Candidate Handbook and is available on request or downloaded from The Training Team.

Recognition of Prior Learning procedure

The Training Team appreciates the value of workplace and industry experience and recognises that candidates will acquire vocational skills and knowledge from a variety of sources other than formal training. These skills are legitimate irrespective of how they were acquired, and the RPL process is designed to provide validation of such relevant skills.

Candidates who believe they have already obtained current skills and knowledge that would otherwise be covered in the qualification / unit of competence for which they intend to attain should apply for RPL at the time of enrolment. The candidate's skills and knowledge will be assessed and validated, and where appropriate units of competency acknowledged and face-to-face training reduced.

As part of The Training Team enrolment policy, trainers will advise candidates of the availability of RPL policy, explain what the process involves and how it relates to the attainment of the qualification in some circumstances. Trainers will remind candidates of this option progressively throughout their time in training in order to provide multiple opportunities for candidates to engage in the RPL process.

When approached by a candidate seeking RPL, trainers will:

- Provide the candidate with copies of an RPL Application Form
- Provide the candidate with information about the types of evidence that can be used to support an RPL application
- Assess the candidates information and notify candidates of the outcome of the RPL process

Recognition of Prior Learning fee policy:

The candidate will be charged 50% of the scheduled course fee. This includes the initial application, consultation either in person or via phone with the suitably qualified assessor, the RPL assessment and (if successful) certification.

Where the candidate is not able to achieve the full qualification through RPL and gap training is required a training plan and costing structure will be mutually agreed upon. The basis of the cost structure will be pro-rata on a unit by unit basis based on the scheduled course fee.

Credit Transfer

Credit Transfer refers to the transferral of academic credit obtained by candidates through participation in courses or national training package qualifications with other RTOs, towards a qualification offered by The Training Team. Credit Transfer is granted on the basis that the credit validates the candidate's competency within the relevant qualification / unit of competence.

Credit Transfer of a qualification / unit of competence is available to all candidates enrolling in any training program offered by The Training Team.

Quality Training and Assessment Principles

Throughout the policies and procedures of The Training Team and in particular within Standard 1, the Principles of Assessment and the Rules of Evidence will be applied.

Principles of Assessment:

To ensure quality outcomes, assessment should be:

- Fair
- Flexible
- Valid
- Reliable
- Sufficient.

Fair

Fairness in assessment requires consideration of the individual candidate's needs and characteristics, and any reasonable adjustments that need to be applied to take account of them. It requires clear communication between the assessor and the candidate to ensure that the candidate is fully informed about, understands and is able to participate in, the assessment process, and agrees that the process is appropriate. It also includes an opportunity for the person being assessed to challenge the result of the assessment and to be reassessed if necessary.

Flexible

To be flexible, assessment should reflect the candidate's needs; provide for recognition of competencies no matter how, where or when they have been acquired; draw on a range of

methods appropriate to the context, competency and the candidate; and support continuous competency development.

Valid

Assessment is valid when the process is sound and assesses what it claims to assess.

Validity requires that:

- Assessment against the units of competency must cover the broad range of skills and
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency.

Reliable

Reliability refers to the degree to which evidence presented for assessment is consistently interpreted and results in consistent assessment outcomes. Reliability requires the assessor to have the required competencies in assessment and relevant vocational competencies (or to assess in conjunction with someone who has the vocational competencies). It can only be achieved when assessors share a common interpretation of the assessment requirements of the unit(s) being assessed.

Sufficient

Sufficiency relates to the quality and quantity of evidence assessed. It requires collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.

Rules of Evidence:

These are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is:

- Valid
- Sufficient
- Authentic
- Current.

Authentic

To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the candidate's own work.

Current

In assessment, currency relates to the age of the evidence presented by a candidate to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence collected must be from either the present or the very recent past.
